

# SEALED-BLOK™

## SELF RETRACTING LIFELINES

The Sealed-Blok™ lifeline extends and retracts enabling the user to move about within a recommended working area at normal speeds. Should a fall occur, a speed-sensing brake system (4.5 ft./sec.) will activate, stopping the fall and reducing the forces imposed on the user to 900 lbs. (4kN) or less.

3-way models with built-in emergency retrieval and mounting brackets are ideal for confined space rescue. Available with and without mounting brackets. See confined space section for additional options.

FAST-Line™ allows the lifeline assembly to be replaced out in the field.

### 3900105

50 ft. (15m) FAST-Line™ galvanized replacement cable assembly.

### 3900106

50 ft. (15m) FAST-Line™ stainless steel replacement cable assembly.

### 3900107

50 ft. (15m) FAST-Line™ stainless steel replacement cable assembly and hook.

### 9600037

FAST-Line™ Repair Tool
