# Mobile Reel Handler

## One machine, two jobs.

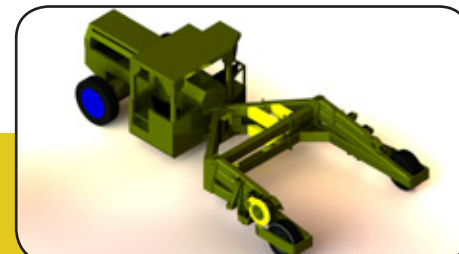

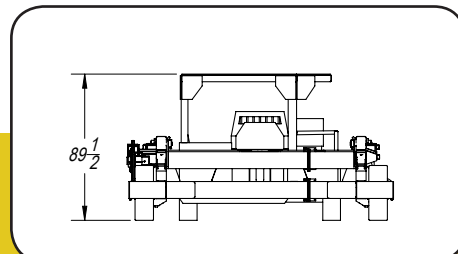

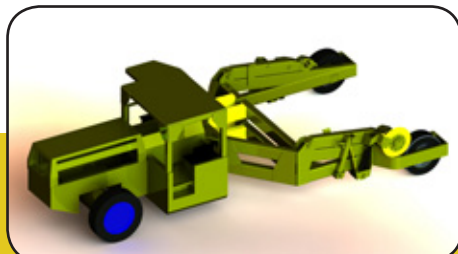

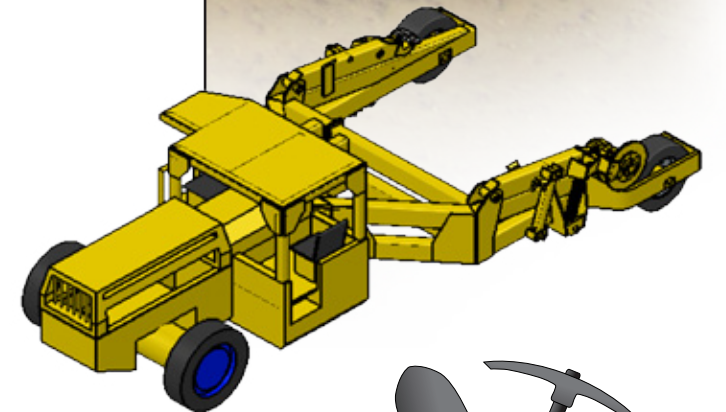

This machine is to be used in underground or surface applications for the purpose of transporting or paying out reels around site. The reel handler has been mag tested and proof functioned/loaded prior to its shipment to the end user. The Working Load Limit of the reel handler is 41,000 lbs, the maximum reel width is 104" and maximum reel height is 116".

The Mobile Reel Handler is designed to be partially disassembled so that it will fit down most mineshafts with ease.

## Features:

- ✓ 41,000lbs lifting capacity
- ✓ Designed for easy mine access
- ✓ Independent hydraulic arms for lifting reels off of uneven surfaces
- ✓ Low profile for underground operation
- ✓ 74 hp, air cooled Deutz motor
- ✓ Front and back LED lights
- ✓ Built in hydraulic stabilization jacks for use when working on uneven ground
- ✓ Specialized tools
- ✓ Side-seated operator position means efficient bi-directional operation with maximum visibility

*Mobile Reel Handler  
manufactured  
by Fortis Mining  
Engineering &  
Manufacturing.*
